

Welcome Farmington Valley and beyond...

Zucker Family Tutoring Services recognizes and respects the uniqueness of each child. Our tutoring service's primary mission is to foster a love of learning in each student. Our curriculum skillfully weaves artistic and practical disciplines into everyday academics. Students learn to establish the critical thinking, grammar and phonemic awareness skills necessary for success in school.

We celebrate diversity and strive to instill integrity, compassion and confidence in each child. We give each child support and encouragement to become his or her own unique self.

Through interactive-based learning, our students tackle academic curriculum in ways that are engaging, meaningful and adaptable to a variety of learning styles.

Our service is based on the belief that our all students', including our English-Spanish learners' (ESL) needs are met. Our team is committed to meeting those needs and will go to any length to achieve our goals. As a result, a high percentage of our business is from repeat customers and referrals.

Currently, we are offering free consultations for parents interested in learning tips on successful, time efficient strategies to improve their child's success in key areas where they need more guidance and motivation.

What makes us different than other tutoring services?

We look at the "whole child" in order to find out what intrinsically motivates or inspires them to practice. For example: A student may have a natural musical ability, but struggles in math. You may find us making up rhyming songs and banging on drums to get those times tables facts down! We are a very creative lot here at Zucker Family Tutoring and you will be sure your child will have something exciting to tell you about his/her experience.

About Anissa: She is a certified teacher K-6 and a Literacy Specialist and holds a Master's Degree in Literacy Education. We are now offering music classes as well...
for piano or guitar lessons...
David Zucker: Composer, Producer, Teacher

David Zucker has performed all over the U.S., Europe, and India on Piano and Guitar. His music has been used on the NFL, Discovery Channel, ABC, NBC, CBS, and the Food Network.

About David...

David first began playing piano at age four. He formally studied piano, guitar and composition at Skidmore College in upstate New York. He went on to study South Indian Classical music in Madras, India. He toured the U.S. with numerous projects. Recently He's been composing for T.V. and working with grammy award winning artist Paul Avergenos. On his website he recently posted a video clip of his music which was played on "Desperate Housewives of Miami" the TV drama! *"Besides performing and producing music, I love teaching and I have a wide range of students, which makes it very interesting!"*
